

Design Develop Construct

MARSHALL
 CONSTRUCTION

Founded in 2005, and built on 35 years of industry experience, our delivery teams are made up of experienced professionals with proven track records having delivered thousands of high-quality fit-out and refurbishment projects, from small office and warehouse conversions to multiple units across an estate.

Based out of our head office in Liverpool, Merseyside, our geographical coverage includes areas as far north as Scotland and as far south as the South Midlands.

Our services

Construction

Marshall Construction specialise in providing fit-out and refurbishment services with a focus on maximising value for clients. We work collaboratively with clients, supply chains and professional consultants to provide a complete turnkey solution. Our focus is to deliver projects on time and on budget without compromising on safety or quality.

Design

We work with clients and consultants to provide a design and build service on construction and fit-out projects. By providing a complete end-to-end construction management service from design and inception to handover, Marshall Construction can get projects on site sooner and remain in control of the project through to completion.

Development

Marshall Construction have an extensive portfolio of residential and commercial developments across the UK. We work as a principal contractor and developer on either self-funding projects or, we work with joint venture partners. Our development expertise focuses on delivering mixed use schemes across residential and commercial projects.
